

BIG STRIKE ON IN COAL MINES

The Official Order Issued This Morning.

GREATEST LOCKOUT IN THE COUNTRY'S HISTORY.

Nearly Four Hundred Thousand Diggers

For Bituminous Coal Will Quit Work Tomorrow to Enforce the Scale of Wages Agreed Upon Last Year, to Take Effect On July 1—Committee Decides That the Time Has Come to Take Action.

Columbus, O., July 2.—The greatest lockout in the history of the country is now on.

Every man employed in the mines quits tomorrow.

The upheaval is caused by the order issued by the Executive Board of the United Mine Workers of America, which order was issued today.

The order orders out 375,000 men, in order to enforce the scale of wages promised the men by the owners a year ago, and to go into effect on July 1, of this year.

The agreement was not kept; hence the trouble.

Terre Haute, Ind., July 2.—Next Sunday, or prior to that day, circulars will be placed in the hands of all the bituminous miners in the United States calling them out on strike. It is estimated that 250,000 men will be involved. Pennsylvania, Ohio, Indiana, Illinois and parts of West Virginia and Kentucky will contribute to the movement. The strike is to enforce the Columbus scale of 69 cents per ton for Pennsylvania, 60 cents for Ohio, 60 cents for Indiana and 55 cents for Illinois. When the Columbus scale was adopted it was not thought advisable to attempt its enforcement. A committee was then appointed to take in hand the matter of a strike and to order one as soon as such a course seemed opportune. This committee has decided that the time has come to act.

MILL WORKERS IDLE.

Between 75,000 and 85,000 Men Out of Employment.

Pittsburg, July 2.—As the result of the failure of the joint wage conference of Iron and Steel Workers and manufacturers to agree upon the scale at the Youngstown conference all the Union mills are closed down and between 75,000 and 85,000 men are idle. This includes the skilled workmen and those depending on them. President Garland returned from Youngstown Wednesday night. When seen he said he was not discouraged at the outlook, but looked for a settlement after the annual repairs at the mills have been completed. If the committee finds that an agreement is impossible the strike will then be considered as on in earnest.

Illinois Miners Stop Work.

Streator, Ill., July 2.—At a mass-meeting the miners here voted unanimously to go on strike now, and not wait for the general suspension order. As a consequence no coal is being mined here and nearly 2,000 miners are idle.

Braidwood, Ill., July 2.—The miners of the entire Wilmington field met at Glacken's Grove and decided by a unanimous vote to go on strike when the national officers order a suspension of work.

Tin-Plate Works Close.

Anderson, Ind., July 3.—All tin-plate works in the gas belt, particularly Elwood, Atlanta, Gas City and Montpelier, closed Thursday in all of the departments governed by the wage scale. All skilled labor in the Union window-glass factories was suspended, pending a readjustment of the wage scale.

Fail to Sign the Scale.

Cleveland, Ohio, July 2.—The Cleveland Rolling-Mill company and the Britton iron and steel works shut down Thursday, failing to sign the Amalgamated scale. About 5,000 men are affected.

Pleased With the Paris Visit.

Paris, July 2.—The United States monetary committee, headed by Senator Edward O. Wolcott of Colorado, will start for London at the end of the week. The commissioners express themselves as being well satisfied with the results of their negotiations here and the general outlook. There is a strong belief in this city that the commissioners have accomplished something tangible in France.

Indian Trouble Not Serious.

Washington, July 2.—The Bannock Indian trouble in Idaho appears to have been greatly exaggerated by the settlers. Dispatches received indicate that the number of Indians off the reservation is less than was stated, that there was little basis for general alarm through that country.

ILLINOIS LAWYERS MEET.

Annual Session of the State Bar Association at Chicago.

Chicago, July 2.—The morning session of the Illinois State Bar association was called to order by President John H. Hamline at 10 o'clock yesterday. After the report of the committee on admissions was adopted Mr. Hamline analyzed the laws that the last legislature passed and found them very unsatisfactory and extravagant. Secretary Matheny's report showed that there were 550 members in the association and \$485 in the treasury.

The reports of the committees on law reform, on the changes in the methods of procedure made necessary by the consolidation of the supreme court at Springfield, on legal education and on judicial administration and the discussion that followed them filled the most of the morning and afternoon.

A resolution to recommit the report of the committee on admissions, which had been adopted at the morning meeting, and on the strength of which sixty-six new members had been given places on the roll call of the association, was defeated, after a sharp debate.

Robbed Mail in Train Wreck.

Kansas City, July 2.—Two postoffice inspectors have been sent to Missouri City to investigate the charges of mail robbing at the Wabash train wreck. When the mail was gathered up and sent to St. Louis and Moberly it was discovered that while the letters were still wet an expert thief had pulled the envelopes apart and stolen whatever money was found. The eastern mail contained many valuable letters and probably considerable cash. There is no way of estimating the amount taken.

Stone Gets Seven Years.

Glasgow, Ky., July 2.—Toll Stone, the negro who assaulted Miss Moore, a teacher here, May 31, was convicted and given seven years in the penitentiary, the limit of the law. He will be tried for arson in attempting to set the schoolhouse on fire, the penalty for which is twenty years. A rush was made for him in the court room but soldiers, of which two companies are here, pressed the lynchers back.

Gain Rockefeller's \$250,000.

New York, July 2.—It is announced that John D. Rockefeller will be held to his offer of \$250,000 to the American Baptist Home Mission society and the American Baptist Missionary union. The sum of \$236,000, upon the raising of which by the two societies by July 1 his gift was conditioned, has been secured, and there will be a margin of several thousand dollars over the mark.

Militia Guarding Negro Offender.

Louisville, Ky., July 2.—About 500 men of the Kentucky state guard are on active duty protecting the two negroes from anticipated mob violence—Green Dinning, charged with murder at Franklin, Simpson county, and Tol Stone, charged with attempted assault at Glasgow. Stone was taken from Bowling Green to Glasgow, accompanied by 120 soldiers.

No Chance for Anti-Scalping Bill.

Washington, July 2.—The interstate commerce committee of the senate considered the anti-scalping bill, but owing to the absence of several members of the committee no vote was reached. It is probable that owing to the near approach of adjournment no further effort will be made to get the bill reported.

Victory for American Mills.

New York, July 2.—The Evening Post's London correspondent cables as follows: "I understand that large orders for steel rails have been placed in the United States by two of the Indian railways at prices said to be £1 per ton below the figures at which the contract could be filled in this country."

Federal Troops Will Participate.

Washington, July 2.—The secretary of war, at the request of Senators Culom and Mason, has issued an order directing that 2,000 federal troops shall participate in the ceremonies incident to the unveiling of the statue of General John A. Logan in Chicago July 22.

Rockhill May Go to Greece.

Washington, July 2.—It is understood that the President has selected W. W. Rockhill, late assistant secretary of state, for the post of United States minister to Greece. Mr. Rockhill entered the diplomatic service as far back as 1884.

In Memory of Brigham Young.

Salt Lake City, Utah, July 2.—The corner stone of the statue of Brigham Young was laid Thursday. The statue will be unveiled on July 24, fifty years after the advent of the pioneers into the valley of the great Salt Lake.

Teachers' Convention Adjourns.

Mount Carmel, Ill., July 2.—Thursday closed the sixteenth session of the Southern Illinois Teachers' association. E. E. Van Cleave, Carlyle, was chosen president. The place of meeting was fixed at Belleville.

Locomotive Boiler Explodes.

Chicago, July 2.—Ten persons—nine men and a woman—were injured yesterday morning, when locomotive No. 221 of the Chicago and Northern Pacific railway was blown to pieces in an explosion.

ONE DAY'S PROGRESS AT THE CAPITAL

REPUBLICANS AND DEMOCRATS BREAK PARTY LINES.

Can Not Agree on Schedules—Cotton Bagging and Cotton Ties Are Put on the Free List and the Proposed Duty on White Pine Lumber Is Reduced by One-Half.

Washington, July 2.—The finance committee suffered several unexpected reverses during the progress of the tariff bill Thursday, being defeated on three important votes. Cotton bagging was placed on the free list, 30 to 25, and cotton ties by a vote of 29 to 23. The duty on white pine lumber was reduced from \$2 to \$1 per thousand by a vote of 32 to 31.

The amendment on pine occasioned the greatest surprise and led to a general breaking up of party lines on both sides of the chamber. Mr. Teller moved to place white pine lumber on the free list. The amendment was defeated by the close vote of 32 to 33, four Republicans, Baker, Carter, Hansbrough and Quay joining with the Democrats, Populists and silver Republicans in the affirmative, while three Democrats, Bacon, McEnery and Martin, voted with the Republicans in the negative. Following up this close vote, Mr. Mantle, silver Republican, moved to reduce the rate on white pine from \$2 to \$1, and this carried by a majority of one. Two Republicans, Baker and Carter, voted with the Democrats in the affirmative, and three Democrats, Bacon, McEnery and Martin, with the Republicans in the negative.

The bill is now completed with the exception of the reciprocity section and some comparatively minor paragraphs. Much progress was made in clearing up detached paragraphs heretofore passed over. Only three of these—coal-tar, potash and tea—remain, so that these items, the reciprocity section, and the brief internal revenue and administrative provisions, are all that remain of the bill to be disposed of before the final vote is taken.

At the outset Mr. Teller (Col.) made inquiries as to the reports, that an anti-trust amendment would be brought in. This was a most important matter, he said, and there should be ample time for the consideration of it. Mr. Allison said he did not know what disposal was to be made of the subject, as no action had been taken by the finance committee.

Mr. Teller said it had been reported about the chamber that such an amendment had been considered in caucus. He urged that it should not be brought in at the last moment.

Mr. Allison gave assurance that no such hasty action would be taken.

Mr. Spooner (Wis.) gave notice of a comprehensive amendment providing for the assignment of three general appraisers to make an investigation of all questions relating to the tariff; the condition of industries which are affected by the tariff; the condition of industries abroad which compete with American industries; the difference in labor cost here and abroad; also to make an analysis of the schedules of this tariff bill with a view to correcting any inequalities that may exist. The result of the inquiry is to be reported to the secretary of the treasury and to congress.

WILL NOT ATTACK TRUSTS.

Republican Senators Conclude Such a Move Would Be Impolitic.

Washington, July 2.—The Republican senators held what they decided should be their last caucus on the tariff bill Thursday night. The meeting continued for more than three hours, and was productive of important results which were not reached without the display of considerable feeling. Among the points decided were the following: To report no anti-trust amendment. To withdraw the original finance-committee provisions for a duty on tea and an increase of 44 cents per barrel in the tax on beer. To provide for a tax on bond and stock transactions.

The greater part of the time was given to the proposition for a provision against trusts. It was decided that it would be extremely difficult to secure legislation that would be effective, and that upon the whole it was impolitic and unwise to undertake it.

Many senators expressed the opinion that the volume of revenue yielded by the bill would not be equal to the demands of the government. It was in response to this view that the determination was reached to provide for a tax on stock and bond transactions.

Disputes Action of the House.

Washington, July 3.—Mr. Settle (Dem., Ky.) after the journal had been read raised a question as to the truth of the journal of last Monday's proceedings by offering a technical amendment to correct the journal. Upon this amendment he got the floor, and proceeded with an extended speech on the general question of the power of the house to adjourn over three days at a time, which he declared was a direct violation of the constitution. He drifted into a general arraignment of the Republicans for not taking action on the bankruptcy bill and the Cuban belligerency. The amendment was rejected—95 to 105.

RUSH TO THE COAST STILL CONTINUES

THE CHRISTIAN ENDEAVORERS HEAD WESTWARD.

Accidents Mar the Pleasure—in a Collision Near Akron, Colo., One Endeavorer and Two Trainmen Are Hurt—Railway Facilities Taxed to Their Utmost.

Brush, Col., July 2.—The two sections of the Chicago Christian Endeavor train reached here at 9:30 o'clock Thursday morning, having been delayed eight hours at Akron, Col., by a wreck which occurred at 11:30 o'clock midway between the two towns. The wreck was between the first section of the west-bound Christian Endeavor special from Peoria, Ill., and a fast freight, bound from Denver to Chicago. The injured:

Engineer David Wagner, McCook, Neb., three scalp wounds, a crushed head and chest; he is expected to recover. Fireman S. M. Cole, McCook, Neb., severely scalded, wounded on the cheek and one arm crushed.

Fred E. Glassburn, a Christian Endeavorer, of Tampico, Ill.; slight wound over the eye.

The passenger train, in charge of Engineer Wagner, was going at high speed, when it crashed into the fast freight, which had been ordered to switch at this point. The passenger struck the freight in the middle, crushing three cattle cars. The passenger engine was a total wreck and the baggage car was demolished.

CRUSH AT OMAHA.

Nebraska Roads Taxed to the Limit of Their Capacity.

Omaha, Neb., July 2.—The Christian Endeavor trains have crowded Nebraska roads to their utmost and all facilities at Omaha were taxed to their limit to keep crowds moving. However, not an accident resulted. The Burlington road carried 2,000 through during the day. The Rock Island's regular train was divided into three sections this afternoon. The first two sections were of nine cars each and occupied by New Englanders. The third section was a solid train of ten Pullman cars containing the delegation from St. Paul and Minneapolis.

San Francisco Is Ready.

San Francisco, Cal., July 2.—The arrangements for the reception of thousands of Christian Endeavorers who are speeding to this city for the convention are now complete, and the local committees, which have been working night and day for some time past in anticipation of the demands of the visitors, are now resting for the work ahead of them. The question of housing the guests has been satisfactorily arranged.

NATIONAL FINANCES IMPROVE.

Month of June Shows Gratifying Change in the Treasury.

Washington, July 2.—The monthly comparative statement of the government receipts and expenditures shows that during June the receipts from all sources amounted to \$36,584,708, and the expenditures \$22,334,694, leaving a surplus for the month of \$13,650,014. The surplus during June, 1896, was \$2,349,450. The statement shows that the deficit for the fiscal year closed Wednesday was \$18,623,108, a reduction of \$31,821,895 since March 11 of the present year. The receipts from customs during last June aggregated \$21,560,152, as compared with \$11,351,803 for June, 1896. The receipts from internal revenue sources during the last month were \$12,887,085, a loss as compared with June, 1896, of about \$500,000.

Holds Lynch Law Void.

Cleveland, O., July 2.—Judge Disselt of the common pleas court decided the Smith lynch law invalid. The court did not hold the law making counties and municipalities liable for property destroyed by mobs unconstitutional. He held the legislature had the right to enact laws to protect both persons and property. He held, however, that the conviction and punishment of the offenders should be a bar to the recovery of any damage. He thought it more logical to invest the commissioners with authority to prevent riots before passing a law making the county liable for injuries.

Indiana Family Dead.

Indianapolis, Ind., July 2.—The people in the neighborhood of Belmont, Brown county, are excited over the sudden death of five members of the family of John Stevens. Three months ago the father separated from the family, but he has continued to stay in the neighborhood and has been supplying the wife and children with food. Last Monday the wife and five children were prostrated with what appeared to be stomach trouble. They have since died. The neighbors suspect that the family has been poisoned and have called upon the authorities to investigate.

Oppose Oleomargarine Law.

Chicago, July 2.—The Grocers' and Butchers' association of Chicago has presented to State Attorney Deneen a protest against the enforcement of the anti-butterine law.

THE BASEBALL REPORT.

Results of Yesterday's Games Played in the Various Leagues.

Chicago made more runs in one inning yesterday than the Pittsburgh visitors in nine. The defeat of Louisville by Cincinnati placed the Colonels where a difference of but one game separates them from the Colts. Pittsburgh surrendered sixth place to Philadelphia, which made a show out of Brooklyn. St. Louis lost as usual.

Small Earthquake in Ohio.

Bainbridge, Ohio, July 2.—Some subterranean phenomenon, not unlike an incipient volcano, disturbed a neighborhood a few miles from here near the junction of Ross, Pike and Highland counties. It was attended by an underground rumbling and the appearance of deep fissures in the ground, from which smoke or vapor issued. Daring people have attempted to fathom some of these fissures, but could find no bottom. They are not accompanied by heat, and the alarmed neighborhood is at a loss to account for it. The disturbance seems entirely local.

Western Writers Entertain.

Eagle Lake, Ind., July 2.—An entertainment was given Thursday night by the Western Association of Writers. Eugene F. Ware, the newly-elected president of the association, read a short poem, "The Princess Karmyl," of his own writing. James Whitcomb Riley recited a poem and two sketches of child character. Robert Burdette convulsed the audience with an impromptu sketch of a visit to a magazine editor. Several musical numbers and poems were also included in the program.

Eugene F. Ware was elected president.

Kansas City Packing Trade.

Kansas City, Mo., July 2.—Local packers during the six months which closed Wednesday surpassed all previous records. They killed 1,585,000 hogs, 412,000 cattle and 470,000 sheep. These figures indicate an increase of 357,000 hogs, 43,000 cattle and 106,000 sheep over the first half of 1896. There are now over 8,000 persons employed in the packing houses in Kansas City.

Disastrous Volcanic Eruption.

Manila, Philippine Islands, July 2.—Additional details of the eruptions of the Mayor volcano in the province of Albay show that 120 of the inhabitants of the village of Libog perished. The village was greatly damaged, and the tobacco crop of the vicinity destroyed. The eruption was accompanied by an earthquake. The volcano has been asleep since 1617.

Illinois Pardons Board Organizes.

Springfield, Ill., July 2.—The new state board of pardons met in the governor's office Thursday and organized by the electing of R. A. Lemon chairman and R. N. McCauley clerk. The board also adopted a code of procedure in pardon cases and fixed the times and places for holding the terms of the board.

Poison for Hotel Guests.

Frankfort, Ky., July 2.—Seventeen guests of West Baden Springs were poisoned Wednesday night at supper. It is said that the poison was administered with malicious intent by persons whose purpose was to break up the business of a hotel manager.

Gold Mining Convention.

Denver, Col., July 2.—The arrangements for the international gold mining convention, which begins here July 7, are practically completed.

WOULD CHASTISE HAWAII.

Japanese Newspaper Makes a Significant Statement.

Vancouver, B. C., July 2.—The steamship Empress of China, which has arrived from the Orient, brings the following advices:

The Jiji remarks in reference to the difficulty with Hawaii that "the government at Honolulu is somewhat saucy and not the least intimidated by the presence of the warship Naniwa. The Hawaiians believe that Japan will not dare adopt so extreme a measure as to go to war with so small a country, being ashamed to do so. It is this that causes Hawaii to show such a bold front. It is a pity that this should be so, for if Hawaii goes too far we shall certainly be compelled to chastise her."

More than twenty arrests have been made in Seoul, Korea, in consequence of the discovery of an alleged plot to assassinate several prominent persons. Japanese papers alleged that the members of the Russian party was at the bottom of the plot and that they are now taking advantage of its discovery to induce the king to return to the Russian legation.

Prof. Tanakadate, who occupies the chair of physics and seismology in the imperial Japanese university, is said to have invented an earthquake alarm, which will be exhibited at the Paris exhibition in 1900.

OUR FOREST RESERVES.

Combined Area Exceeds That of Eight Eastern States.

Washington, July 2.—Much attention has been paid recently by the general and office to the preparation of rules and regulations applicable to the government of all the various forest reserves of the United States and Commissioner Hermann has now formulated those for the approval of the secretary of the interior.

The estimated area of the existing forest reserves is 18,993,280 acres. The estimated area of the suspended forest reserves is 19,951,360 acres. The aggregate area of the existing and suspended reserves is 38,944,640 acres. This is 3,800,000 acres more than the suspended reserves is 38,944,640 acres. combined area of the states of New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware and Maryland, and is greater than the area of any state east of the Mississippi river and of several west of it.

We acknowledge a receipt of the

initial number of the Midland Union published at Gothenburg, Neb., and edited by Jesse N. Converse, son of Mr. and Mrs. C. N. Converse, of this place. It is a monthly publication devoted to irrigation and farming and is a creditable production both in matter and typographical work.

We have one criticism to offer in regard to commencement exercises. The orations of some, if not all, of the graduating class were too lengthy. Hereafter none should occupy more than ten minutes time.

Laura Dainty, the gifted reader, who appeared here is the wife of Mr. Fred Pelham, known to many of our citizens as a former advance agent of the McGibbey family.

Dr. Sutherland of Janesville, was in town Thursday to see Charles R. Rice. The old gentleman is very low and his death at any hour would not be an unexpected event.

A gentleman who has attended most of the college commencements for twenty five years pronounces that of this year superior to its predecessors. J. G. Bond has built a good substantial sidewalk in front of his premises. His neighbors should emulate his worthy example.

Miss Lottie Davis, of Walworth, who graduated in the class of '91, was among those present at Commencement.

Justice Clarke was four score years of age on Wednesday and he feels "right smart" for an "eighty year" oldster.

Miss Bessie Hudson, daughter of Mr. and Mrs. B. F. Hudson, is the happy possessor of a handsome new piano.

Dr. E. E. Campbell and wife, of Walworth shook hands with classmates and friends Wednesday.

Mr. and Mrs. J. C. Graham of Oshkosh, have been the guest of G. E. Osborn and wife this week.

E. A. Holmes and wife entertained J. E. Wilkins and Miss Aileen of Greeley, Colo., this week.

Mrs. David Brown, of Janesville, has been a guest at the Waterman house this week.

Dr. George E. Crosley and wife of Algonquin, Ill., have been in town this week.

Mrs. George Algard of Oregon, visited Milton relatives this week.

FOOTVILLE PEOPLE ON THE TRIP

Good Sized Delegation Leave for California—Other News Notes.

Footville, July 2—Footville was right in line with a delegation to the Golden Gates, in the Janesville sleeper. The following compose the Footville party for San Francisco: Mrs. R. B. Acheson, R. E. Carlson, Daniel Silverthorn, G. D. Silverthorn, R. W. Strang and N. N. Palmer, wife and daughter. The party left Tuesday afternoon at 2:15, for Janesville, where they were located in sleeper space reserved for them on the C. & N. W. railway. What town in the state sends more according to size of village? Mrs. William Smith of Evansville was a guest of Mrs. I. N. Fisher this week. E. Baldrige, section foreman at this place, broke his right arm while putting in a crossing at Hanover, Wednesday.

Mrs. S. Walsh, our postmistress, is on the sick list, but reported on the gain. H. Austin does the postoffice duties during her absence. H. A. Egerton is building a fine New Jersey stable. The pulpit at the M. E. church will be filled by a pastor from Chicago Sunday. Rev. J. J. Lugg officiates at Whitewater. One week from Sunday the pastor of the M. E. church at Brodhead and Rev. J. J. Lugg exchange pulpits. Mr. and Mrs. H. Becker received a surprise by a gathering of old time friends at their home in this village Saturday evening, June 26, at which time both of them were presented with presents. The last two weeks have been the best weather for tobacco in the history of this location. The plants are all in and doing finely. There is every prospect of a good crop. Miss Clara Egerton, who has been suffering from a severe attack of pink eye, is on the mend. She was obliged to drop the remainder of the term of school in the village which she has been teaching. Her early recovery is hoped for. A number from our village contemplate camping at Monona Lake Assembly this year. The program is fine. R. C. Evans has moved into the M. Howe residence near the depot. T. J. Dann is clerking in D. G. Silverthorn's store during Mr. Silverthorn's stay in California. Andrew Ward died in this village Wednesday forenoon. The funeral was held at the Catholic church Thursday morning. Mrs. J. Bailey is visiting friends in Evansville. Mrs. R. E. Carlson and Mrs. C. R. Vesper did shopping in Evansville, Thursday.

GOSSIP FROM INDIAN FORD.

Sheriff and Ex-Sheriff Caught Few Fish—Some Other Gossip.

Indian Ford, July 2—Ex-Sheriff Hanthorn and wife, Sheriff Acheson and wife, spent Friday of last week, at the Ford fishing. The ladies caught the fish while the gentlemen looked on. Mr. and Mrs. C. Goodrich spent Saturday and Sunday with Mrs. Goodrich's parents, Mr. and Mrs. J. L. Chamberlain. Mrs. G. L. Chamberlain spent Friday in Janesville. Mr. and Mrs. C. S. Thomas and Mrs. C. L. Ward were invited to Mr. and Mrs. William Cox to eat ice cream Sunday after church. Miss Mame Johnson spent a few days last week in Evansville. Mrs. Nellie Terry of Janesville, Sundayed at the Ford. Mrs. George Scofield of Janesville, visited her son Willis, last week. George Luckner transacted business in Janesville, Saturday. E. L. Ward took in some of the sights in the Bower City, Saturday. TELLS OF HIS TRIP ON ITALIAN SOIL

REV. JENK. LI. JONES LECTURES IN JANEVILLE.

Goodly Audience Heard the Noted Former Pastor of All Souls Describe His Journey—Mrs. Eleanor Bingham, of Chicago, Talks to the Art League Members Yesterday.

Rev. Jenkin Lloyd Jones apologized to his old friends last night, for giving them "less of Italy and more of Jones" than they had expected. The manifest appreciation of his hearers, however, made it apparent that they were glad to have the personal element emphasized. Mr. Jones said he was struck first of all by the fact that Italy was still in the present tense. He was prepared to see ruins of past civilizations. He found aggressive, active people, and a wonderfully fertile land. He sketched the salient points of Naples, Mount Vesuvius, Florence and Venice, and in speaking of Rome, said 1800 years hadn't done more than to put a sort of christian varnish over the old landmarks. For example, the Methodists started a few years ago to put up a marble block to contain their chapel, mission, laboratory, residence, printing office for their book concern. In Rome the deed to a piece of land only goes down fourteen feet and below that whatever is found goes to the commonwealth. The Methodists did not have sufficient foundation for their block at fourteen feet so they obtained permission to dig "wells" as they called them, to find a suitable foundation. In digging they found the remains of a Catholic nun. They went on down and struck a Pagan temple. Pagan temple, Catholic nun, Methodist church. What next?

Visit to St. Paul.

Mr. Jones told of his visit to St. Paul, and with Chicago modestly explained that it had been the largest building in the world until Chicago built the liberal arts building at the World's Fair. Its dome was the largest in the world until Chicago built the administration building. The jealousy between pope and king was mentioned briefly by the speaker. The dignitary who wishes to see both the pope and the king Humbert must call on the pope first. He will not receive those whom he knows have called on the king first but the king will receive ambassadors who have called first on the pope.

Mr. Jones closed with a few words of personal import addressed to his old friends and for half an hour after the lecture there was an informal reception. He left the city this morning on horse back but took the train at Milton for Sauk county where he speaks this afternoon at an old soldiers reunion.

MRS. BINGHAM'S ART LECTURE

Good Sized Audience Heard Her Address at Mrs. Mills' Home.

In spite of the intense heat of yesterday afternoon nearly fifty ladies gathered in the parlors of Dr. and Mrs. James Mills to listen to a lecture on "The Twelve Great Pictures," by Mrs. Eleanor J. Bingham of Chicago. Mrs. A. E. Tanberg, president of the Art League under whose auspices Mrs. Bingham appeared, very pleasantly introduced the speaker, whose charming personality immediately won all hearts. This feeling was but deepened and intensified as Mrs. Bingham proceeded with her lecture, speaking in a softly modulated tones and in a very informal and delightful manner, of the great works of art which for many years she has studied carefully and thoughtfully.

She selected the twelve great pictures according to the death of the men who painted them, rather than from other standards which might be chosen, and numbered them as follows: 1. "The Last Supper," by Leonardo da Vinci, in Santa Maria della Grazie, a convent in Milan; 2. "The Transfiguration," by Raphael, in the Vatican Gallery; 3. "The Sistine Madonna," by Raphael, in the Dresden Gallery; 4. "Holy Night," by Correggio, in the Dresden Gallery; 5. "The Last Judgment," by Michael Angelo, in the Sistine Chapel at Rome; 6. "The Descent From the Cross," by Volterra in the church of San Trinita da Monti, at Rome; 7. "The Assumption of the Virgin," by Titian, in the room named "the room of the Assumption" in the Academy of Fine Arts at Venice; 8. "The Descent From the Cross," by Rubens, at the Antwerp Cathedral; 9. "Aurora," by Guido, on the ceiling of the Regiolosi Palace, Rome; 10. "Beatrice Cenci," by Guido, in Barberini collection at Rome; 11. "The Last Communion of St. Jerome," by Domenichino, in the Picture Gallery of the Vatican, Rome; 12. "The Immaculate Conception," by Murillo in the Louvre. The above list tells where the originals are to be found.

Her talk was illustrated by fine photographs of the pictures, which were carefully and eagerly examined by those present. In addition to these Mrs. Bingham brought also a photograph of the famous "Immaculate Conception," and a small painting on porcelain of the same subject, which was a real treasure, and which was recently sent to Mrs. Bingham by a friend in France. Together with her descriptions of the pictures, she interwove many of the legends which were the foundation of some of the paintings, and which made them doubly interesting.

In the social hour which followed the talk. Every one was most enthusiastic in praise of the entertainment, and

on every side was heard expressed the desire to hear Mrs. Bingham again in the near future.

The members of the Art League are deeply grateful to Mrs. Mills for her kindly loan of her pleasant home so admirably adapted for such a gathering as that of yesterday, and have every reason to be well pleased at the success which attended the entertainment.

While in the city Mrs. Bingham and her young son, Master Robert Bingham, were the guests of Mrs. Minnie Menzies.

NEWS HEARD ABOUT THE CITY

The United Workmen will meet tonight.

This is rehearsal night for the Imperial band.

ENCAMPMENT Odd Fellows will meet this evening.

The Good Templars will meet tonight at their hall.

Mr. and Mrs. P. J. Mount visited Geneva yesterday.

The Y. M. C. A. band will meet tonight for rehearsal.

ATTORNEY George G. Sutherland was in Chicago yesterday.

The Board of Education will meet this evening at the new high school.

Mrs. E. H. Murdock and daughter are home, after a visit at Fond du Lac.

Mrs. Con. McDonald is home from Chicago, where she attended a wedding.

F. C. STILSON is entertaining his brother, J. S. Stilson, of Chicago.

LLOYD & Lorraine's company will open a week's engagement at the Myers Grand on Monday.

Since last season Ringling Brothers have added an entire zoological garden to their collection of wild beasts.

A FLAG will be raised at Herman Kramer's South High street grocery tomorrow evening, and the G. A. R. will take part.

The Rockford Star got out a handsome Fourth of July issue yesterday. It was issued to advertise the Forest City's big celebration.

The amount of money expended on any one of the more than one hundred dens, cages and tableaux exhibited by the Ringling Brothers would pay for the construction of a handsome residence.

Mrs. GEORGE JOHNSON, of Fulton, has returned home after a two weeks' stay at the Palmer Memorial hospital where she underwent a surgical operation performed by Dr. Sutherland.

RINGLING BROS.' great canvas pavilion cover more than eight acres, and constitute a veritable city of tents. The mammoth hippodrome amphitheatre is the largest ever constructed, and is absolutely impervious to rain.

INASMUCH as a one horse lawn mower will cut more grass in a day than six men, the council would seem to be justified in doing away with hand mowers in the city parks. A horse mower would keep the parks looking better and would save money.

RINGLING BROS.' zoological collection is the finest display of rare and costly wild animals in the United States. The massively carved golden cages in which the animals are exhibited are the most elaborate and expensive ever constructed.

PERFECT confidence can be placed in this \$2.99 sale of tan shoes we are having. Ladies who have delayed the purchase of a pair of summer shoes can make a saving by getting them this week. \$3.50, \$4.00 and \$4.50 shoes go at \$2.99. No reserve is made, the shoes are all the prettiest to be found in the city. Richardson's.

RINGLING BROS.' great circus is this season especially notable for the large number of equestrian stars embraced in its roster of famous riders. Among them are William De Mott, Mons. Lowande, Johnny Rooney, Elens Ryland, Rosa Dockrill, Julia Lowande, Marion Leslie, and a score of others almost equally famous. No circus in the world presents half so many riders and none who have such world wide reputations.

The most perfect freedom of this part of the board is secured and greater vibration and longer sustained tone than anything heretofore known in an upright. It is, in fact, the same principle used in grands, only now applied for the first time to the upright, and for that reason and the grand form of the iron string plates we use that we are justified in claiming that these are the only real grand uprights ever made, for they alone produce in the upright shape the distinctive qualities of the grand. WE KEEP THE QUALITY UP

Aids to Intelligent Shopping.

In this column we from day to day present the store news clearly and concisely, touching on new arrivals, standard values and bargains. Always something here of interest if one would keep posted on the store's movements.

AID 1—Black Wool Baste or veiling, just the thing for a cool summer dress. Received Monday. Width 36 inch; price 50c. It is excellent value, and beautiful, fine quality.

AID 2—Shirt Waist bargains. Overstocked; were 50, 60 and 75c. We have been offering them since Saturday at 25c. One look tells you that they're good to have at such a figure. Don't wait too long.

AID 3—Toilet Sacques, most comfortable garment a woman ever put on. Lovely styles in dainty striped dimity reduced from \$2 to \$1.40. Also all white with wide collars; lovely embroidery on collar and edging sleeves. Fine, sheer muslin; were \$2.25, now \$1.75.

AID 4—Wrappers, white dimity and muslin; very choice styles. About two dozen garments. Although made to sell at two to four times what we ask for them. We have put the price at 98c.

AID 5—In our last "ad." we mentioned black muslin Wrappers with small colored flowers, sheer quality, at \$1.50. To push the sale of them we offer the lot at a figure that will do it—\$1.15

AID 6—McCall Bazar Patterns. We took the agency for them the first of the year, but reluctantly, as we were not very favorably inclined toward patterns. We have been pleasantly surprised by the large number of patterns sold. They give excellent satisfaction, are up to date, easy to understand, sure fitting, and only 10c and 15c. Women tell us (but we know it full well) that it is all nonsense paying high prices for patterns when one can get the McCall Patterns at 10 and 15c.

AID 7—Genuine Shantung Pongee Silk, printed, designs artistic, colors, red, blue, brown, gray, purple; it is 27 inches wide, and we offer it at the former wholesale price, \$6.50 a pattern, which measure 14 3/4 to 15 1/2 yards—just the thing for a light summer dress, and serviceable. Quality limited.

SENSATION OF THE AGE.

Kinging Bros. Have the Only Genuine White Elephant Exhibited.

Who has not read of the royal white elephant of India? Who has not followed with breathless interest the absorbing tales of eastern travelers who have described with graphic pen and flowery detail, the mystical legends that have been associated with these strange yet beautiful animals of the animal kingdom? And yet who, knowing the fanatical reverence entertained for these rare and costly beasts, the jealousy with which they are guarded by their royal owners, and the more than regal splendor with which they are surrounded in their royally appointed apartments, could have conceived of the possibility of any circus management ever securing any one of these semi-sacred animals as of a myriad features in a great American exhibition? And yet this is what Ringling Bros., the pioneers of progress and the most daring amusement purveyors of the age, have done. When Ringling Bros. World's Greatest Shows exhibit in Janesville, Friday, July 16 the thronging thousands that visit the show will not only see the greatest acrobatic, hippodromatic and zoologic institution ever organized by human ingenuity and boundless capital, but they will also see something never before witnessed by human eyes outside of the sacred precincts of the royal palaces of farther India. They will see the beautiful Keddah, the only genuine white elephant ever brought to America—an animal that cost thousands upon thousands of dollars to secure, and many months of unremitting labor and diplomatic application on the part of a special commission sent to Siam by Ringling Brothers for the purpose. Keddah was one of the four white elephants owned and almost worshipped by the king of Siam. His apartments in the king's palace at Bangkok were equal in luxurious appointments to those occupied by the royal family. His attendants were all of noble lineage, especially appointed to their high office, and as assiduous in their attentions to the royal beast as slaves attending upon the most exacting autocrat. In such exclusive retirement was he kept and so great was the desire to preserve him from the eyes of the profane, that many months elapsed before Ringling Bros.' special commission could even catch the glimpse of the royal animal. The story of the negotiations, often begun and as frequently broken off, which finally ended in the elephant being paid for in gold and spirited out of the country to prevent an outburst on the part of the people who looked upon the proposed removal of the animal as a sacrilege, is one of the most absorbing narratives ever enacted in real life. In color, Keddah is a strikingly beautiful gray-white; his eyes are pink, and his ears are daintily shaped and have an exquisite flesh-like tint that provokes many expressions of admiration on the part of ladies and children, with whom he is an especial favorite.

THE ECLIPSE OF THE SUN.

It Will Take Place July 29 Between 7:45 and 9:50 a. m.

On the morning of July 29 an annular eclipse of the sun will take place, the second one of the year. It will be visible throughout the United States as a partial eclipse and to observers in southern Wisconsin will begin at about 7:45 a. m. and end at about 9:45 a. m. About one half of the sun's diameter will be obscured by the moon in this region.

The path of central eclipse will begin in the Pacific ocean off the coast of Mexico and extend eastward, across the northern central part of Mexico, along the northern coast line of Cuba, across the islands of Porto Rico, St. Thomas, and others, thence southeasterly, touching Cape St. Roque, and ending in the south Atlantic ocean. Along this path the black moon will be seen encircled by the shining limb, the annulus, of the sun. The duration of this phenomenon will be from 1 m. 6 s. to 1 m. 42 s. according to the portion of the path from which the eclipse is viewed.

An Important Function Stimulated.

The kidneys exercise most important functions, which are so wearisome that they tax to the utmost the strength and endurance of these busy little organs. Every breath, every pulsation of the heart, every movement of a limb, every thought, makes waste, and necessitates the development of new atoms. The used up particles in the blood are sifted from it, and dissolved in a watery fluid by the kidneys, which then discharge this fluid into the bladder. A train of disasters to the system would follow if these "ashes," so to speak were not thoroughly strained off and discharged. This is the case when the kidneys become inactive. Hostetter's Stomach Bitters, by restoring their activity, not only keeps open a most important outlet for impurities but prevents diseases of the kidneys themselves, which when neglected become liable to fall prey to diabetes, Bright's disease, nephritis, a humor and other maladies especially incident to them, which, although not especially rapid in their progression, are particularly obstinate and fatal.

SOME NEWS FROM ORFORDVILLE

B. G. Hungerford Injures His Foot—Missionary Sermon—Other Gossip.

Orfordville, July 2.—B. G. Hungerford is now nursing a lame foot, by reason of having run a nail through it. Presiding Elder Pease preached a very interesting missionary sermon at the M. E. church last Sunday evening. He also administered the sacrament of the Lord's supper at the close. At the Lutheran church last Sabbath a class of four was confirmed. A very large attendance witnessed the service. Dr. J. W. Keithley attended the meeting of the medical society at Evansville on Tuesday. The M. E. Sunday school enjoyed their annual picnic on Wednesday. The school at Plymouth imitated them and notwithstanding the extremely hot weather a very pleasant day was spent. The picnic was held in Mrs. Belle Williams' grove. George Hess and family of Delavan are visiting relatives in the village this week. May Sorauson died at the Mendota hospital Monday morning. The remains were shipped to Orfordville for interment on Wednesday, and the funeral held from the Lutheran church. She was a daughter of Mrs. Carrie S. Benson of this place. Mrs. Lawrence Ward was taken to Mendota on Wednesday. She has been suffering from insanity for several months and her friends deemed it expedient to send her to the hospital for treatment. Mr. and Mrs. I. I. Patriquin accompanied her. Dr. Bedford has been making daily trips to Orfordville during the past week, he having been called to treat a valuable horse of S. P. Gilbert's. Mrs. E. H. Skinner, returned from Milwaukee on Thursday evening, where she has been assisting in caring for Mrs. C. H. Olson, who has recently undergone a surgical operation at the Presbyterian hospital in that city. She reports Mrs. Olson as doing finely and on the way to a speedy recovery. Elsworth Rossiter is in Madison this week, acting in the capacity of night telegraph operator, in the absence of the regular telegraph operator. School meeting on Tuesday evening, July 6. M. J. Owen of Janesville, was renewing old acquaintances in the village on Wednesday and Thursday. Miss Susie Taylor returned from Denver Port, Iowa, on Saturday evening. It was reported on the street last Friday evening, that a horse had been stolen from in front of the hotel. Later, however, it proved to be only a case of defective memory contracted by a superabundance of "Whitlight." On Thursday, June 24, Rev. Akers of the Black Hills and Miss Louise Strand were married at the Lutheran church. After the ceremony a company of relatives and friends repaired to the home of the bride and her sister, Mrs. T. O. Kate, where refreshments were served and the evening spent in pleasant sociability and in wishing to the newly wedded couple everything that falls to the lot of the most fortunate in life. The entire community unites in extending congratulations.

INMAN SCHOOL TERM CLOSES

Miss Cheslie Smiley Made a Splendid Record With Her Pupils

The commencement exercises and closing exhibition of this year's work of the Inman school, taught by Miss Cheslie Smiley of Orfordville, was held in the Plymouth church, June 25. The appreciation in which the district holds Miss Smiley was shown by the large number assembled, the church being filled to overflowing. All of the pupils showed by their recitations and drills that they had been given the best of training by their teacher. The letter drills by the primary classes were especially good. The fine recitations by Miss Lewis of Albany, were thoroughly appreciated. The exercises were the best that have ever been given in this district, and Miss Smiley is to be highly complimented for the hard and conscientious work, which she has done. At the close of the program Superintendent David Ross in a short and pleasing speech presented the diplomas to the four graduates.

John Griffin of Janesville, Ohio, says: "I never lived a day for thirty years without suffering agony, until a box of De Witt's Witch Hazel Salve cured my piles." For piles and rectal troubles, cuts, bruises, sprains, eczema, and all skin troubles De Witt's Witch Hazel Salve is unequalled.

SOAKING BOOT SELLS WELL

John S. Anderson Has a Money Maker in His Newly Patented Device.

John S. Anderson's patent soaking boot for horses, promises to bring him big returns, and to be used by tens of thousands of horsemen throughout the country. It is a boot made of sponge and is saturated with water when on the foot. It relieves one of the commonest difficulties met by horsemen, will grow a new hoof on a horse in from four to five weeks, and will soften the hardest hoof in the space of twenty-four hours. Its merits have been proven by a large number of prominent horsemen in Chicago, Milwaukee, and also in this city. It saves turning horses out to pasture, and its use two nights in the week will keep any horse's hoofs in first class condition. Bissett & Echlin will handle the boots in the territory covered by their travelers, and there seems to be every prospect that a profitable manufacturing enterprise can be built up in this city.

THIS DAY IN HISTORY

1644—Battle of Marston Moor.
1724—Frederick Theophilus Klopstock, German poet, was born; died 1803.

1850—Sir Robert Peel, British Liberal statesman, died; born 1788.

1881—President Garfield shot by Guiteau in the railroad station at Washington. Garfield was attacked while passing through the ladies' waiting room to join a party for an excursion in New England. The weapon used was a pistol, from which two bullets were fired. One bullet took effect in the president's back. The assassin had been promptly seized at the moment of shooting and proved to be Charles J. Guiteau, a persistent but disappointed applicant for office. When formally placed in arrest, he exclaimed: "All right. I did it and will go to jail for it. I am a stalwart, and Arthur will be president."

1892—Labor troubles of a serious nature in many parts of the United States.

1896—Harriet Beecher Stowe died at New Haven; born 1811. General A. R. Lawton, a Confederate veteran of note, died at Clifton Springs, N. Y.; born 1818.

OUTING CLUBS FIRST PARTY

Very Pleasant Social Affair at Crystal Springs Last Evening.

The Outing club gave the first party of the season at Crystal Springs last night. At 5 o'clock yesterday afternoon the steamer Columbia made the first trip, carrying the members who wished to indulge in a 6 o'clock dinner. At 9 o'clock a business meeting was held and H. G. Carter was elected president and W. S. Fildes secretary and treasurer. Enough money has been raised to give a series of six parties, and one will occur every two weeks at Crystal Springs park. Prof. Smith's orchestra has been engaged. Hereafter the boat will leave the city at 5 o'clock and again at 7:30. Every member who comes up on the 7:30 o'clock boat will have to pay 25 cents.

The rule is adopted to make it an inducement for all to be on the grounds at the supper hour, for at 10:30 o'clock sharp the parties will come to an end. Dancing followed the meeting and the first party of the series was a decided success. The members are:

Home Life.

Mr. Widdle—Well, my dear, you've made so much fuss because I don't spend my evenings at home, like a good husband and father, that I have resigned from the club. Does that suit you?

Mrs. Widdle—It's just splendid. Now, hurry through dinner and get dressed, so we can go to Mrs. Highup's ball; and to-morrow night we'll go to Mrs. Tiptop's party; and the next night, you know, Mrs. Wayup has a musicale; and we mustn't forget the Globetrotter's reception the night after.—N. Y. Weekly.

Among the Old Families.

"Our market man," observed Mrs. McSwat, as she poured out the tea, "is a decided character, in his way. He prides himself on his pedigree, and has documents to show that his ancestors came over in the Mayflower."

"I don't doubt it, Lobelia," replied Mr. McSwat, sawing away energetically on the fowl before him. "I believe his ancestors came over in the Mayflower, and I believe they brought this old hen with them!"—Chicago Tribune.

Found at Last.

"I haven't seen you for some time," she said.

"No," he answered, "I've been down in Indiana looking for a gas well."

"He's over there," she responded, promptly, indicating the talkative young man who had just left her.—Chicago Post.

The Reward of Diplomacy.

Rouder—Do you really refuse to forgive me?

Spinster—No. I shan't forgive you, not even if I live to be 100 years old.

He—Dear me, how cruel! What chance have I of living 80 years longer?

She—Well, perhaps I can forgive you, after all.—Humoristische Blaetter.

Writing to Mrs. Pinkham.

She says:—I have been using your Vegetable Compound and find that it does all that it is recommended to do. I have been a sufferer for the last four years with womb trouble, weak back and exertions. I was hardly able to do my household duties, and while about my work was so nervous that I was miserable. I had also given up in despair, when I was persuaded to try Lydia E. Gossip in Chicago.

"Isn't it unfortunate about Mrs. Mummer?"

"Why, what's happened to her?"

"Oh, she's applied for a divorce. Her husband turned out dreadfully."

"You don't tell me! What did he do?"

"Why, he was elected an alderman!"

"Mercy on us! And he used to be such a nice man, too."—Cleveland Leader.

Queer People.

"People have funny ways," said Spreely.

"How did you find it out?" asked Greeley.

"Was out late last night with the boys and went broke. Went to a hotel to stop and they wouldn't let me put up unless I came down. Then I tried to get a street car to come home, and they wouldn't let me come down unless I put up. Funny, wasn't it?"—N. Y. World.

IS IT A TRIFLE?

That Common Troubles, Acid Dyspepsia or Sour Stomach.

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until with gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal many people do nothing for the trouble. Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package.

It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

30 TONS OF SHELLS TAKEN IN TODAY

SIX HUNDRED DOLLARS IN
CASH WAS PAID OUT.

Stream of Wagons Passing and Repassing on Their Way to and From the Button Company's Warehouse—Neighbors Make Complaint to Health Officer.

R. F. Finley, receiving agent for the pearl button firm, paid Janesville people \$600 in cash for clam shells today.

Thirty tons of shells were delivered at the warehouse on North Main street and Mr. Finley and eight assistants were kept busy receiving, weighing and storing the shells.

The shells are brought to the warehouses in sacks. Each sack is opened the shells are sampled and the weight taken. The owner is then paid one cent per pound. North Main street opposite the warehouse was literally filled with teams this morning and the drays were drawn up in line waiting their turn to unload. Each wagon was piled high with gunny sacks bulging out with the shells.

Complaint was made by people living near the warehouse this morning and the health officer had notice served on the firm by Officer Appleby. "We paid out \$600 in cash today," said Mr. Finley today. "Of course, if the authorities make us quit business, we will have to, but an industry that pays out that amount of money in a day is worth having. Brothead people offer us a warehouse free of charge."

Make Big Money

The shell harvest has been a blessing to many people. Without investing a cent, they have been able to make good wages in gathering shells. From two to twelve dollars a day have been made by some of the hunters, and it is estimated that half a dozen young men who are now camping will receive \$400 for the shells they now have on hand. The search is being carried on systematically, and the river bank between Janesville and Afton is lined with tents. It is said that fully fifty camps have been established since the offer to buy shells was made, and the searchers are working early and late.

At Monterey hundreds of men, women and children are at work, and the river is alive with searchers. The water is only about knee deep, so it is an easy matter to locate and pick up the clams. The boiling pots are kept going all the time, as one man can boil the clams as fast as three men can pick them up.

"This is our receiving day," said Mr. Finley this morning, "and the first wagon load arrived here before 7 o'clock this morning."

May Open a Factory.

"We are much surprised at the large number of shells received here," said Mr. Finley this morning. "The firm writes me that if we can get four hundred tons that they will start a factory and begin making buttons here. Janesville is the receiving point for this part of the state and we are getting shells from other places in carload lots. Twenty-eight tons have arrived from Brothead and Albany and sixteen tons have been sent from Shirland, Ill. We did not expect to get nearly so many shells and are much pleased with the outlook. The clam beds are practically inexhaustible. The clam burrow down deep in the sand and as they have never been of any value they have not been hunted. Consequently there are millions of them in the river and the supply will not diminish for a long time."

Drays and wagons were in demand this morning and they passed back and forth from the warehouse in a steady stream.

WILLIAM BYRNE ASSAULTED

Thirteen Young Men To Be Arrested For Alleged Wrong Doing.

That the number thirteen is unlucky is now the opinion of thirteen members of the Coterie club, who it is said, will soon be arrested on the charge of assault and battery. The complaining witness, it is said, is Counsellor William Byrne who says that while delivering a speech before the club he was assaulted and roughly handled by thirteen of its members although they had invited him to address them.

The case was called this morning, but was adjourned by consent of parties until 10 o'clock tomorrow morning. The action is begun in chancery before U. S. Supreme Court Commissioner Henry S. Sloan, who has exclusive jurisdiction. The prosecutions are brought under a section of the law that is seldom utilized, as it is framed more especially for cases wherein attorney, or counsellors, are the plaintiffs.

It is said that Counsellor Byrne was waited upon by a committee who asked him to address the club. Appreciating the invitation, as a compliment, Counsellor Byrne consented. While he was talking, however, the lights went out, and things were thrown. Counsellor Byrne was struck in the face with a pillow several times, but when some hard missile struck him on the head, he became angry.

RECORD FOR HEAT WAS BROKEN TODAY

SUN BOILED DOWN FROM A
CLOUDLESS SKY.

Thermometers Were Close to the One Hundred Mark This Morning, But This Afternoon Relief Came With the Cloud Banks and Breeze—Hottest Day of the Season.

This was the hottest day of the year. Thermometers in different sections of the city registered all the way from 92 to 98 degrees above zero. At 10:30 o'clock this morning the climax was reached and not a breath of air was stirring. At this hour different thermometers reached the 96, 97, 98 degree marks. Although hung in the shade beneath an awning Weather Clerk Burnham's thermometer registered at 96 degrees, and it was not the hardest worked instrument in town either. About 11 o'clock however, a strong breeze began to blow, and brought relief, and soon afterward dark clouds piled up and put a stop to old Sol's fiery glare. Horses used in heavy teaming suffered greatly all the morning.

Soda fountain and saloon proprietors were the happiest men in the city. During the past few days the increase in beer sales in this city will foot up into the hundreds of dollars. Local brewers are turning out an extra large supply, while the Milwaukee brewers send amber fluid here in car load lots.

Local manufacturers of ice cream as well as the ice dealers have no reason to complain for their goods were in demand from all quarters of the city.

Relief came when big banks of clouds gathered this afternoon, and cool breezes began to blow. Then the thermometer took a drop of several degrees, and people resumed their occupations.

TABACCO MARKET UNCHANGED

The Leaf Says Little Is Doing At This Point.

Local tobacco market conditions have not changed to any appreciable extent, The Leaf says. The prevailing feature being one of extreme quiet. There is an increased inquiry for samples from manufacturers which may lead to greater activity and more sales in a short time.

Among the sales reported are 34 cases sold by A. L. Fisher; 10 sold by F. S. Baines and 10 sold by N. J. Casey.

The hot weather of the past few weeks has warmed up the '98 and it is sweating hard. Everything at present indicates that the tobacco will pass through the sweat all right.

The '95 crop is now all in the field and is growing nicely. Notwithstanding the fact that the spring was cold and backward, the tobacco was transplanted fully as early as the average year. Cultivating and hoeing is the order of the day.

STRAWBERRIES AT 3 CENTS

Price Reached Red Rock in This City This Morning.

The price of strawberries took a sudden tumble this morning, and in different parts of the city good berries of the home grown variety could be purchased at three cents a box. Even at this price buyers were few and sellers were plentiful.

"I have grown berries in the county for years," remarked a grower this morning, "but I never saw the time when they were so low in price and plentiful as they are in the local market today."

HAND CAUGHT IN THE WHEEL

Hired Man Is Hurt at William Reed's Farm.

William Binger, an employee at the William Reed farm in the town of La Prairie, came near losing his whole hand, having accidentally caught it in a wheel on the wind mill. The injured man was repairing the wheel at 8 o'clock this morning when his fingers were accidentally caught. Dr. Frank Farnsworth, who was called found the fingers of the left hand were badly crushed and that amputation of the middle finger at the second joint was necessary.

MRS. ST. JOHN TO GET \$10,000

Court Thinks That Sum Is Sufficient—Jury Awarded Her \$25,000.

Mrs. S. St. John of New York City, a sister-in-law of Dr. J. W. St. John of this city, is now not liable to receive \$25,000 that was recently awarded to her by a Chicago jury for injuries sustained while alighting from a Chicago street car. It is said that the judge before whom the case was tried thought the verdict too large, and that the plaintiff should compromise with the car company which has offered her \$10,000 in cash.

PEPPERY EDGERTON PASTOR

Says Satan Wouldn't Change Things If He Was Mayor.

In the course of his Sunday evening remarks at the M. E. church, Rev. Mr. Cole of Edgerton said: "If the devil himself was to come to Edgerton and be elected mayor, and the imps fresh from hell, with the odor of brimstone about them, were to act as aldermen, I do not think they would have any inclination to change the affairs of the city that they might be worse. It would be impossible, as the city government is conducted as loosely as old Satan himself would care to have it."

MR. LORING'S STATEMENT

Lowest Bidder For Arc Lights Has A Few Words to Say.

TO THE PUBLIC: As the New Gas Company and Capt. Pliny Norcross have made statements to the tax payers regarding their bids for lighting the city, we desire to tell the people what we will do, if our bid—which is the lowest for electric lights—is accepted.

We are prepared to give a bond of \$2,000 for the faithful performance of our agreements.

We are prepared to furnish the city with lights of 1,200 candle power and not seven or eight candle power.

We will put our wires on the business streets under ground, thus making it unnecessary to erect any additional poles on Main and Milwaukee streets.

The machinery, poles and wire are ordered and will arrive here in a few days. We will put in an electric plant of improved modern construction in this city, whether we receive this contract or not. We own a franchise that authorizes us to set poles and string wires on the streets.

We will have our plant in operation within sixty days, and it will be of a character that will enable us to give the best possible service.

While our price is much lower than is usually asked for arc lights of any character, we will furnish light of 1,200 ACTUAL candle power.

At the price named in our bid, the 156 arc lights now in use would cost nearly \$600 per year less than Mr. Norcross bid for the same number. In addition we agree, in our bid, to light the council chamber and both the fire houses, during the life of our contract, free of charge, with incandescent lights, which is something that ought to be taken into consideration.

For the reason that our bid is the lowest offered for electricity, and because we think we are offering the city the best and cheapest service, we expect to receive the contract for such electric lights as the council may see fit to order, and are ready to bind ourselves to live up to our proposals. Very respectfully,

Janesville Electric Light and Power Company.

SALOONISTS TO QUIT AT END OF TERM

FEWER DRINKING PLACES IN
THE CITY NEXT YEAR.

Four Firms Have Closed Up, and Others Will Probably Quit When the License Becomes Due Next Tuesday—Hard Times and Poor Trade Given as the Reason.

There will be fewer saloons in Janesville this year. When the state and city license comes due, next Tuesday, several firms will, it is said, retire from the business. Poor trade is given as the reason why a number of the local dealers are at present debating on whether or not they will renew their license. Barrett & Connell today closed their saloon on West Milwaukee street and will not reopen. Muellenschlader's saloon at the corner of West Milwaukee and Franklin streets is also closed. This makes four saloons that are now shut up, and probably other firms will go out of business when their time is up.

THE VALLEY OF THE SHADOW

Mrs. Lorenzo D. Prichard.

The funeral of Mr. Lorenzo D. Prichard, who died at her home 62 Fifth avenue, Wednesday evening, will be held from the residence at 10 o'clock Saturday morning. Mrs. Prichard had been critically ill for several weeks but the end while not unexpected, is none the less severe to the afflicted family. Deceased was sixty-five years of age and has been a resident of this county for over forty years. Besides a husband she leaves two sons, Elmore, who resides in Iowa, and Guy Prichard, who resides in Michigan.

Mrs. H. W. Fox.

W. E. Evenson received a telegram today, announcing the death of Mrs. H. W. Fox, whom Janesville people will remember as Miss Ida Roethinger. Her demise occurred at Baraboo at 12:30 o'clock this afternoon. The remains will arrive in Janesville at 3 p. m. tomorrow, and will be taken direct to the cemetery.

D. B. Springer.

Edgerton, July 2.—[Special]—D. B. Springer, one of the oldest residents of this city, died last night at 6:30 o'clock. The funeral will be held at 2 o'clock tomorrow afternoon at the First M. E. church.

As July 4th falls on Sunday, the day will be celebrated Monday, the 5th. Being a legal holiday, in order to give our clerks the benefit, we, the undersigned merchants, will close our stores for the day. J. M. Bostwick & Sons; Hart, Bailey & Co.

FASHION'S FANCIES.

Black and White Revived by the Paris Fire—Thin Materials.
The curious way in which the most serious catastrophes are reflected, in a sense, in the world of frivolity sets one to wondering whether anything is really serious or really frivolous. The shocking holocaust of the charity bazaar in Paris is having a perceptible influence on fashion there, not by making it less thought of, but by starting anew the vogue of black and white. Persons who have lost no relative or intimate friend by the accident nevertheless adopt this fashion, young

SUMMER CAPE.

men wearing black gloves and young women black and white figured, spotted or checked gowns, black lace, etc.

Bodice basques are now quite devoid of godets, and even skirts are often seen without them. Simple folds are less stiff, if not so smart looking, and the disappearance of the godet is not a cause for regret. With it disappear also a large proportion of interlining, haircloth and canvas, which have been weighing down the fashionable skirt for so long and making it a thing of horror if it happened to get wet. Perhaps all adventitious stiffening will go before long and we shall have an era of less clumsy skirts; only, as one kind of weight vanishes, another that of drapery and trimming, will probably take its place.

Gowns of thin and vaporous materials are greatly favored by fashion this summer, and goods as sheer and transparent as it is possible to have are made into charming costumes, trimmed with innumerable ruffles, ruchings and puffings.

Today's illustration shows a very effective cape of black plaited gauze covered with steel spangles. The plaited yoke is framed by motifs of jet and steel, which also extend down the sides of the front. The ample collar is plaited, and the shoulder knots and bows which form the other trimming are of black satin. The toque of mauve straw has a soft crown of mauve taffeta and is trimmed with yellow roses.

JUDIC CHOLLET.

UNDERWEAR AND SHOES.

The Newest Petticoats—Footwear of Red and Tan Leather.

There are various fashions of underwear, as of outside dress, and what is worn beneath one costume will not, fashionably speaking, do for all. With light gowns of taffeta, linen or mousseline de soie thin, fluffy underwear must also be adopted, short petticoats of surah or muslin trimmed with lace and long ones of printed taffeta with flounces of gauze or fine lace. Petticoats are even made of mousseline de soie with printed flower patterns, very full and outstanding to sustain the foot of the dress skirt. These contain many yards of goods, but are of incon-

MOHAIR GOWN.

parable lightness. With tailor made costumes, woolen goods or heavy silks is worn a petticoat of broche silk, trimmed with guipure and bows of ribbon.

Tan and red shoes are not permissibly worn with dress toilets, although for walking and country costumes they are sufficiently appropriate. With elegant gowns the boot of place kid or patent leather is the accepted wear. Shoes of white leather with applications of black patent leather are a novelty for the country and seaside, and yellow leather is also trimmed in the same way. The majority of tan shoes are made of goatskin this season, but a light quality of Russia calf or oze calf is the coolest and softest of any sort of leather wear for the feet.

Today's sketch shows a costume of pearl gray mohair. The skirt is cut in scallops around the foot, showing an edge of straw satin beneath, the scallops being edged with silver braid fastened by buttons. The blouse bodice of gray mohair has a very short, scalloped basque, edged with silver braid, and opens over a chemise composed of little ruffles of straw mousseline de soie over straw taffeta. The revers are of white satin, embroidered with silver. The sleeves are tight, with a slight fullness at the top, and are ornamented at the wrist by scallops, edged with silver braid, the epaulets being similarly adorned. The collar and cuffs are of white mousseline de soie, the hat of mauve straw, trimmed with mauve ribbons and flowers.

BLACK AND WHITE.

Taffetas and Foulards in Checks, Stripes, Flowers and Plaids.

Black is undeniably fashionable. Very elegant costumes are made of lightweight materials, silk with openwork or embroidered gauze stripes, gauzes, mousselines de soie, etamines and silk canvas, plain or flowered. In thin crepons many charming fancies are likewise shown, a silk lining of black, mauve or white being employed. Mauve and the various tones of violet are more fashionable than ever, if that is possible.

Black lace, chastily and black guipure take an important place in the composition of costumes in which white or mauve enters into combination with black. As for gray toilets, already well established at the beginning of the present season, their success increases daily, whether they be of the light, fluffy order, composed of silk, gauze or crepe, or of cloth in the tailor made style. Embroideries of steel and gold have a very good effect upon gray and are frequently employed, as are heavy laces in high relief, embroidered white cloth and various sorts of passementerie requiring a neutral background to appear to advantage.

Thin taffetas and foulards in black and white are a feature of the season, black on white or white on black, checks, flowers, small plaids, stripes and dots. Gowns of white woolen goods are predicted for the near future, and white silk gowns also,

SUMMER CAPE.

worn by young girls and young women. This tendency toward black and white is by no means universal, however, and bright or delicate, light tones are very fashionable—red, pink, green and straw. Black and white costumes have no more driven out colored ones than black and white hats, always pretty and in the mode, have driven out tinted straws and brilliant flowers.

The sketch shows a new cape, so small as to be hardly worthy of the name. It has a yoke embroidered with jet, framed by a bertha of satin, bordered by a small, jet fringe, below which is a plaiting of black silk gauze. Large revers of black satin extend to the waist, where they are fastened by jet buckles. Long ends of black satin fringed with jet fall upon the skirt.

The valois collar is embroidered with jet, and inside it is a full frill of white lace, which continues in double coquilles down the front. The hat is of white straw, covered with shirred Nile green gauze and trimmed with black velvet, black plumes and a paste buckle. JUDIC CHOLLET.

Reason's Why Chamberlain's Colic, Cholera and Diarrhoea Remedy is the Best.

1. Because it affords almost instant relief in case of pain in the stomach, colic and cholera morbus.
2. Because it is the only remedy that never fails in the most severe cases of dysentery and diarrhoea.
3. Because it is the only remedy that will cure chronic diarrhoea.
4. Because it is the only remedy that will prevent bilious colic.
5. Because it is the only remedy that will cure epidemic dysentery.
6. Because it is the only remedy that can always be depended upon in cases of cholera infantum.
7. Because it is the most prompt and most reliable medicine in use for bowel complaints.
8. Because it produces no bad result.
9. Because it is pleasant and safe to take.
10. Because it has saved the lives of more people than any other medicine in the world.

Weak Backs.

For ten years I had been a constant sufferer from pains in both sides above the hips and toward the spine in the region of the kidneys, usually extending forward and downward, and a frequent desire to urinate with usually a scanty hot discharge. I had doctored long and faithfully and taken in patent medicines in quantities, but all to no purpose. I was suffering from inflammation of the kidneys (Nephritis) and add to this the agony of Rheumatism, (so bad that I could not close my hands) and you can readily imagine what untold agonies I have suffered. When You Get Ready.

When you have consulted everybody else and have been treated for every known and unknown disease; when you have filled your system with one-pattern, ready-made, same-for-all, sure-cure preparations; when you have tried charms, spells, fads and fancies; if experience has taught you that Nature alone possesses the power to heal; that certain remedies assist Nature, but none of them cure; that it is better to work with Nature than to fight the disease; that the surest way to cure disease is to remove the cause of that disease, then we will gladly assist you with Rational remedies and methods which tend to build up and strengthen the entire system until Nature can assert herself and the Cause of disease is removed.

We treat the Patient, not the disease. This is one reason why we succeed where others have failed.

We have been in Janesville more than ten months and are here to stay. Consultation, opinion and advice free.

MILLINERY NOTES.

Profusion and Variety of Flowers—Straw Pompons and Neapolitan Braids.

Never has there been a season when hats have been more befowered than now. Not only are large hats lavishly trimmed with blossoms, but little toques are entirely composed of them. These are pretty and becoming for youthful faces. Large flowers are used singly or in twos and threes,

while small ones are grouped in countless numbers. Among the big ones roses, hollyhocks and orchids are favored, and among little ones nothing exceeds or even equals the violet in popularity. Lilies of the valley and bluetts or cornflowers are much worn, however, and pansies are also well liked. For bright reds and pinks geraniums with velvet petals are much employed, and there are some very fine sprays of pelargonium to be seen, the shading being a close imitation of that of the natural flower.

A great deal of mousseline de soie is used in millinery. It is finely plaited and is plain or edged with narrow ribbon, white, black or gold lace or fancy borders of silk. Ruches and pompons are made of it, as well as wings and agrets, and its popularity is universal.

Pompons of straw, and also of coarse open cotton canvas, are among the novelties of the season. Jotted black straws and neapolitan braids covered with spangles are also seen. These require very little trimming, the elaboration of the body of the hat serving as a decoration.

Hats of shirred tulle, veiling, chiffon, mousseline de soie and crepe de chine are prominent among the new millinery models. They are adorned with ruches and platings of the same material, with lace and with flowers. Purple, mauve, blue and green shades predominate, although all colors are worn.

The illustration shows a costume of changeable mauve taffeta having a printed design of a darker mauve. The skirt is bordered around the foot by a ruffle of dark mauve mousseline de soie. The bodice is framed by two quilles of green satin, embroidered with black. The blouse bodice has revers of green satin embroidered with black, which extend over the shoulders and down the back. The collar and belt are of green satin, and the tight sleeves have cuffs of green satin and a small puff of taffeta. The collar of lace is adorned with bunches of violets, and the lace is carried down on each side of the front in coquilles. The toque of green silk is trimmed with violets and yellow feathers.

WALL DECORATIONS.

Papers of Small Pattern Should Be Used With Pictures.

Writers who deal with the embellishment of the home are fond of enlarging upon the intellectual benefit to be derived from pictures hung upon the wall. Pictures are, it is true, a stimulus to the im-

LITTLE GIRL'S GOWN.

agination, a rest to the eye, but it depends upon what kind of pictures they are. To have pictures simply because pictures are the thing to have is to do a foolish thing. If one has no real feeling for them, it is better to adopt some scheme of decoration which does not include them, for there are plenty such. Bright, large figured wall papers will kill any picture and should not be employed unless pictures are to be dispensed with; if no pictures are desired, the bright color and the large figures keep them from being missed and their presence would be a defect rather than an additional beauty. A well selected large figured paper, carried up as far as the picture molding, above which a wash of plain color or a lighter small figured paper is applied, will have an excellent effect with no further wall decoration at all, or the large figured paper may be hung in panels outlined by molding. A narrow shelf to take the place of the picture molding is in all cases desirable.

The sketch given today shows a gown for a little girl of 8 years. It is of old rose liberty silk and is mounted in hollow plaits back and front and in gathers under the arms, under a short bolero of old rose faille embroidered with dark green. A loose half belt of green velvet is adorned with steel buttons. The short sleeves are of old rose liberty silk, finished with a ruffle of green velvet, and the collar is of green velvet.

The Broker Who Went to Jail.

Elverson R. Chapman is the Wall Street broker who had to go to jail because he refused to tell the senate committee whether he had ever bought or

sold sugar stock for United States senators. Mr. Chapman represented a New York brokerage firm in Washington and did a big business. During the summer of 1893 he was especially busy, for the sugar schedule of the Wilson tariff bill was under consideration. It was charged in the newspapers that some of Chapman's customers were senators and that they speculated in sugar stocks.

The New Florida Senator.

Stephen R. Mallory, the new senator from Florida, is well known throughout the south, having been a congressman for two terms. His father was a mem-

and began his journalistic career at a very early age as helper in the office of a country weekly. In 1882 Mr. Spears went to New York and became one of "the bright young men" of whom the New York Sun is so proud. For the last dozen years Mr. Spears has been the star reporter on the staff of that great newspaper, and for it he has traveled over much of North and South America. About all his travels he has written entertainingly and instructively.

His Specialty Is Finance.

Mr. Frank A. Vanderlip of Chicago, the new assistant secretary of the treasury, is a comparatively young man, but for over ten years he has been a close student of finance and political economy. He was born at Aurora, Ill.,

in 1864, grew up on a farm. He finished his education at the University of Illinois and the University of Chicago. Early in his university course he determined on a financial career and devoted himself to the study of finance and political economy with special ardor.

Buffalo, New York, Boston

And New England points are reached in the most comfortable manner via the Lake Shore & Southern railway. The summer train service via this line affords morning, afternoon and evening trains from Chicago at convenient hours, a complete schedule of which will be furnished on application. Tourist tickets to the many cool and delightful resorts of the east, including Chautauque lake, are now on sale. A handsome illustrated tourist book showing routes and rates to these points will be sent free on request. If you contemplate an eastern trip this summer the printed matter referred to will be of interest. Address J. B. Hurley, T. P. A., 100 Wisconsin St., Milwaukee, Wis., or G. K. Wilbur, A. G. P. A., Chicago.

"I crave but One Minute," said the public speaker in a husky voice; and then he took a dose of One Minute Cough Cure, and proceeded with his oratory. One Minute Cough Cure is unequalled for throat and lung troubles. C. D. Stevens.

Excursion Rates to Lake Kegonsa.

The Chicago, Milwaukee & St. Paul Railway Co., will sell round trip excursion tickets to Lake Kegonsa, Wisconsin at \$1.25 from May 15 daily to September 30 limited to 30 days. This lake is situated in one of the most delightful places in the state. The lake is four miles long and three miles wide, possessing a number of pretty bays, spring water, bathing and fishing. All trains stop at the lake.

It heals everything except a broken heart, may be said of De Witt's Witch Hazel Salve. Piles and rectal diseases, cuts, burns, bruises, tetters, eczema and all skin troubles may be cured by it quickly and permanently. C. D. Stevens.

Between Seed Time and Harvest

Is a good opportunity to enquire about farming lands in South Dakota, only one day's ride from Chicago. Bountiful crops of wheat, corn, barley and flax reward the tiller of the soil. As a stock and dairy country South Dakota leads all the world. First class farm lands with nearby markets can now be bought for from \$10, \$12, \$15, and upwards, per acre, and this is the time to invest. For further particulars write to George H. Heafford, General Passenger Agent, Chicago, Milwaukee & St. Paul Railway, Old Colony Building, Chicago, Ill.

Don't nauseate your stomach with teas and bitter herbs, but regulate your liver and sick headache by using those famous little pills known as De Witt's Little Early Risers. C. D. Stevens.

Annual State Meet. L. A. Wheelmen at Racine.

For the annual state meet, Wisconsin L. A. and W. to be held at Racine July 1, 2 and 3 the Chicago, Milwaukee & St. Paul railway will sell excursion tickets at a fare and one third for the round trip from June 30 to July 3, inclusive, good for return until and including July 5.

Vin, vigor and victory—these are the characteristics of De Witt's Little Early Risers, the famous little pills for constipation, biliousness and all stomach and liver troubles.

For N. E. A. Convention, Milwaukee, July 6-9, the North-Western line will sell excursion tickets at exceedingly low rates, plus membership fee in the association. For dates of sale and other information apply to agents Chicago & North-Western R'y.

Burning, itching skin diseases instantly relieved by De Witt's Witch Hazel Salve, unequaled for cuts, bruises, burns. It heals without leaving a scar. C. D. Stevens.

Exceptions.

"I am willing to concede," said Uncle Allen Sparks, "that all the world may be a stage, but I'll be essentially bamboozled if the men and women in it are actors! There's a lot of them that only think they can act!"

And Uncle Allen got up and walked wearily out of the theater.—Chicago Tribune.

Unnecessary Admonition.

"Did you tell that young man not to call here any more?" asked Mabel's father, severely.

"N—no."

"Why not?"

"I didn't think that it was necessary. I don't see how he could call any more now. He calls seven times a week."—Washington Star.

Trip for Torpedo Boats.

Washington, July 2.—A fleet of ten torpedo boats will be sent to the Mississippi river as far as Dubuque some time this summer. The object is to show the people in the larger cities along the river what modern boats of their class are like. The fleet will leave Newport about July 15 and go direct to New Orleans. It will then start on its journey up the Mississippi river. The department officials also wish to discover how much hard work the boats are capable of doing, and think it is better to find out in time of peace than in war.

Cost of the Tariff Delay.

Washington, July 2.—Chairman Dingley estimates that every day's delay in the passage of the tariff bill costs the country \$2,500,000. The senate sits six hours a day, and its time is therefore worth \$40,000 an hour. Judge Turple made a speech yesterday that consumed an hour and a half, and if Mr. Dingley's estimate is correct it cost the country \$60,000, or thereabouts. Senator Allen of Nebraska occupied about two days of the senate discussion at a cost to the nation in the neighborhood of \$500,000.

Premier to Withhold News.

Madrid, July 2.—Senor Canovas del Castillo, the Spanish premier, and the duke of Tetuan, the minister of foreign affairs, have had a long conference on the subject of the latest news from the United States. The premier has also notified the reporters here that he will not give them any news hereafter, on the ground that they publish it in a form calculated to influence the stock exchange.

Puget Sound Fortifications.

Seattle, Wash., July 2.—Bids have been opened for the construction of the Puget Sound fortifications at Marrowstone Point, near Port Townsend. There were fourteen bidders in the competition, representing firms from as far east as Chicago. The lowest figure submitted was that of the Pacific Bridge company of Portland.

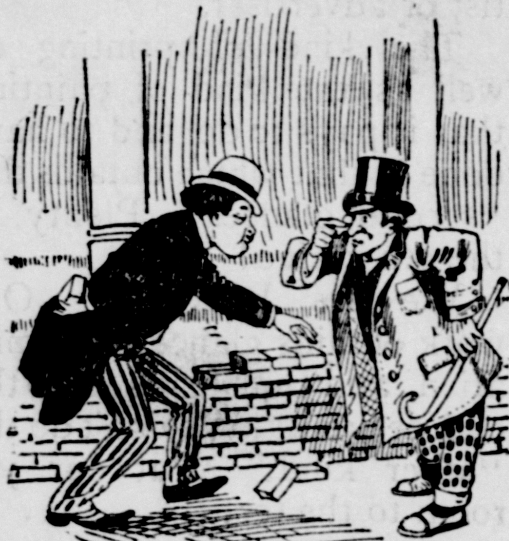

Nojed Paullist Father Dying.

New York, July 2.—Rev. Augustine F. Hewitt, D. D., superior of this community of the Paullist Fathers, is dying in his apartments in the monastery in this city. Father Hewitt has been in feeble health for several years. He was first stricken during his incumbency of a professorship in the Catholic university in Washington.

Edhem Pasha Has Resigned.

London, July 2.—A dispatch to the Standard from Constantinople says Edhem Pasha, commander in chief of the Turkish forces in Tessaly, has tendered his resignation of command to the sultan on the ground that under the proposed peace conditions he will be unable to guarantee the discipline of the army.

COMPLETE PREPARATION.

Hieman—What under the sun are you putting those bricks in your coat tail pockets for, Lunnikin?
Lunnikin—Getting ready to ask old mau Riggo if I can marry his daughter.
—N. Y. Journal.

Misfits.

Silk tiles off crown an empty pate.
The wise man off is termed a clown.
The sinner's praised for virtues great.
The saint off craves to paint the town.
—Brooklyn Life.

Got There Just the Same.

Mabel—Such a joke on Mr. Gayboy. We were out on the balcony between the dances and he got the sleeve of his dress coat all over red paint from one of the posts that were just painted.
Maud—And did you go near the post?
Mabel—No. Why?
Maud—Because you have red paint all over the back of your waist.—Harlem Life.

An Interpretation.

"I wonder," said Mrs. Cumrox, thoughtfully, "what that nice, old-fashioned lady means by putting 'P. P. C.' on her card."
"That means she is going away," replied her daughter.
"Oh, I see, and she wants us to know that she is going to travel in a Pullman palace car."—Washington Star.

Made Him Come to Time.

"You want a keepsake that will always remind you of me?" she said.
"I do, darling," he said, tenderly.
"What's the matter with myself?" she whispered.
There will be a wedding shortly.—Tit-Bits.

As One Man.

"They tell me that when you reached the peroration of your lecture out at Jazeville the audience arose and cheered as one man."
"Of course he did. You couldn't expect the fellow to divide himself, could you?"—Cincinnati Enquirer.

His Principal Trouble.

"In writing shorthand which do you find the more difficult—writing your notes or reading them afterward?"
"Neither. The worst difficulty I have nowadays is getting my pay."—Chicago Tribune.
